

# Waves, Wetlands, and Watersheds

## **FREE teacher workshop offered by the California Coastal Commission**

**WHEN:** Wednesday, October 1, 2008, 4pm to 6pm

**WHERE:** **American River Water Education Center**  
7785 Folsom-Auburn Road  
Folsom, California

At this workshop, you will receive a FREE copy of the California Coastal Commission's science activity guide for teachers, *Waves, Wetlands, and Watersheds*. You'll try some of the activities in the guide and get an overview of the other free educational resources and programs the Coastal Commission has available.

Space is limited. **Please register before September 29** with Annie Kohut Frankel at [afrankel@coastal.ca.gov](mailto:afrankel@coastal.ca.gov) or (415) 597-5888. (Toll-free message line: 800-Coast-4U.) Include the spelling of your name, email, phone number, grade(s) taught and your school or organization.

Professional growth credit offered through the University of the Pacific (when additional work is performed). Details available upon request.

\* \* \*

*Waves, Wetlands, and Watersheds* is a classroom activity guide for teachers that addresses California's coastal and marine issues such as endangered species, marine debris, coastal geology, water use, and more. It is carefully aligned to the California State Science Content Standards for grades 3 through 8, and includes Community Action lessons adaptable for all ages up to and beyond grade 12. The connection between inland areas and the ocean is emphasized throughout, so the lessons are relevant for students living in all regions of California.

For more information, please visit the Coastal Commission's  
Public Education website at
